Might I suggest that you box some of those bottles, Governor (Erika can still remove all of them right now) and we tape you doing so while also speaking to the message. It is a great idea for a psa and shows that ultimately life, its actions, and consequences are about personal responsibility.

Erika - would have the Govs Mansion's alcohol that's in the liquor cabinet boxed up and removed from "the People's House" downstairs in the public dining area? Here's my thinking: with so many kids and teens coming and going in that house, esp during this season of celebrationstt for young people - proms, graduations, etc, I want to send the msg that we can be - and "the People's House" needs to be - alcohol-free. There's a lot of booze there - its too accessible and may be too tempting to any number of all those teens coming and going.

We need to send this sobriety msg. It can be sent via support from Native Sobriety Assns, M. A. D. D. , Healthcare Strategies Council, or whomever can also benefit from the vocal support that I can provide them through this action, then I'll do it.

Thank you and we need to do something here soon to restore trust with our troopers. I am anxious to meet with Walt after session. We have some bad apples out there and I can't believe the threat of union grievances and complaints would keep us from getting our own house in order.

well Mike - between this and the message I received the other night where an Ak State Trooper recently told a friend of family that he could further "mess with the governor's sister" by claiming falsehoods about us - well - some of our "finest" in uniform continue to disappoint.

I am cc-ing Walt on this.
